

# Record Rx Doctor

## Sweeper Strip Kit Instructions

## Contents

What's in the package?

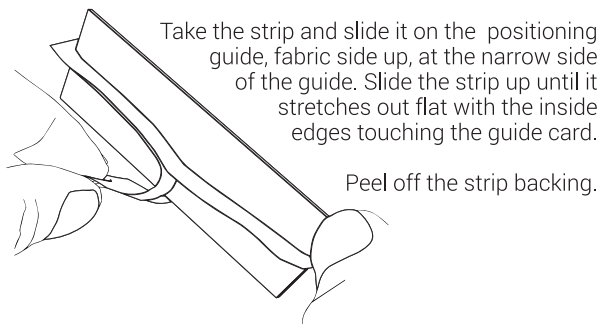

### Step 1

#### Prep the Record Cleaning Machine for a new strip

Peel the old strip off the suction area of the record cleaning machine. Remove any residue and clean the suction area.

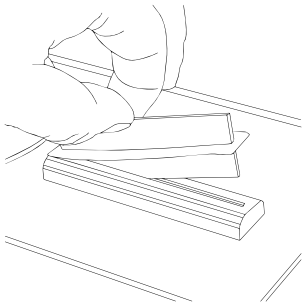

### Step 2

#### Use positioning guide and remove backing

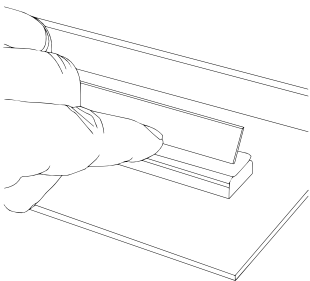

## Step 3

Insert the guide into the slot of the suction area.

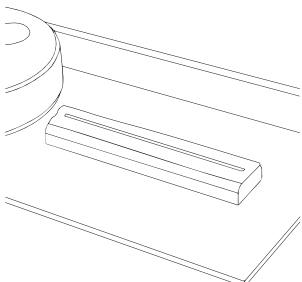

## Step 4

Press down on the replacement strip to keep it in place. Remove guide and press down firmly on the entire strip.

## Done!

Your record cleaning machine is now ready to use.
